INDEPENDENT ACCOUNTANT'S REVIEW REPORT

Board of Trustees Idaho Catholic Foundation Boise, Idaho

We have reviewed the accompanying financial statements of the Idaho Catholic Foundation (a nonprofit organization), which comprise the statements of financial position as of June 30, 2016 and 2015 and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

June 30, 2016 and 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Nature of Organization

Idaho Catholic Foundation (the Foundation) was established by the Central Administrative Office of the Roman Catholic Diocese of Boise (the Diocese) on December 24, 1990 as the Louise Siuwhéem Foundation to raise, hold and invest assets received from the Diocese as well as related schools, parishes and other organizations (participants, collectively). The Foundation was operated as a part of the Diocese until June 30, 2012 in which the Foundation became a legally separate entity from the Diocese with a separate tax identification number. The Foundation's revenues are from contributions and investment income.

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Accounting Standards Codification (FASB ASC) 958. Under the standard, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

Cash and Cash Equivalents

The Foundation considers its short-term, highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

Investments

The Foundation follows FASB ASC 958, in accounting for investments. According to the standard, investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are recognized in the period in which they occur and are included in earnings allocated to participant accounts.

Promises to Give

Certain unconditional promises to give are pledged to be paid over a period of years. All pledges are recognized in the period the pledge is received except those pledges with donor imposed conditions. Pledges with donor-imposed conditions are recognized when the stipulated conditions have substantially been met.

Contributions and Asset Transfers

The Foundation follows FASB ASC 958 in accounting for transfers of assets to other not-for-profit organizations and charitable trusts that raise or hold contributions for others. The standard establishes guidelines for transactions in which a foundation accepts a contribution from a donor and agrees to transfer those assets, the return on investment of those assets or both to another entity that is specified by the donor. Contributions and asset transfers for the years ended June 30, 2016 and 2015 are reported in Note F and by fund in the supplementary information.

Assets Held for the Diocese and Others

The Foundation has a number of funds for which it acts as a custodian. Receipts are held and disbursements are made according to the intentions of the organization from which the funds were received. Assets of the funds are carried at fair value with a corresponding liability on the statements of financial position. Investment income and distributions of these funds are not considered revenues or expenses of the Foundation.

NOTES TO FINANCIAL STATEMENTS (Continued)

June 30, 2016 and 2015

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

Income Tax Status

The Foundation is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, therefore, has no provision for federal income taxes, and is not a private foundation. The Foundation files income tax returns in the U.S. federal jurisdiction, and is no longer subject to U.S. federal income tax examinations by the taxing authorities for the years before 2012.

In accordance with FASB ASC 740, the Foundation has evaluated its operations as of June 30, 2016 as compared to its original application for tax-exempt not-for-profit status. Upon the evaluation, the Foundation does not believe it has any business activities in place that would cause its tax-exempt not-for-profit status to not be sustained upon audit.

Investment Income and Gains

Investment income and gains, when attributed to unrestricted net assets, are considered unrestricted revenue in the reporting period in which the income and gains are recognized.

Valuation of Gifts

Noncash assets contributed to the Foundation are recorded at appraised value when it is provided by an independent third party. If no independent third party appraisal is available, the asset is recorded at an objective verifiable basis which is, in the judgment of the Foundation's management, a fair value to the Foundation for its purposes.

Appropriation Policy

The Foundation's Board of Directors follows an appropriation policy for all funds not to exceed 5% of the preceding twelve month's average fair market value of investments.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses.

NOTE B - CAPITAL CAMPAIGN AND PLEDGES RECEIVABLE

The Diocese began a capital campaign in July 2012 on behalf of the Foundation in which it hopes to raise \$15,000,000 over a four year period. Capital campaign funds have been designated to be distributed and invested in funds to benefit the Diocese and its programs. All assets contributed to the capital campaign are considered property of the Foundation.

It is the intention of the Idaho Catholic Foundation to invest \$6,000,000 of campaign donations to endowment funds that will generate future income to benefit Diocese programs for the care of priests, ongoing formation, Catholic education and faith, and charitable works. The Diocese will receive annual support from the endowment funds as approved by the Idaho Catholic Foundation. The Capital Campaign also includes fundraising goals as follows: \$5,000,000 for strengthening parishes, \$1,000,000 for campus ministries, \$2,500,000 for the 2014 Idaho Catholic Appeal, and \$500,000 for campaign costs.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE B - CAPITAL CAMPAIGN AND PLEDGES RECEIVABLE (Continued)

Pledges receivable at June 30, 2016 are as follows:

Receivable in less than one year Receivable in one to five years	\$ 776,227 509,900
Total pledges receivable	1,286,127
Less discount of net present value Less allowance for uncollectible promises	 (60,359) (90,030)
Net pledges receivable	\$ 1,135,738

Long-term pledge receivables are reflected at the present value of estimated future cash flows by using discount rates of 1.8% and 2.0% for the years ended June 30, 2016 and June 30, 2015, respectively. The discount rate is determined each year according to the applicable federal rate under section 7520.

The Foundation provides an allowance for uncollectible pledges based on an estimated percentage of total pledges receivable each year. For the years ended June 30, 2016 and 2015, the allowance for uncollectible pledges was 7%.

NOTE C - FAIR VALUE MEASUREMENTS

The Foundation adopted FASB ASC 820, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the standard are describes below:

- Level 1 quoted prices in active markets for identical investments
- Level 2 other significant observable inputs (including quoted prices for similar investments)
- Level 3 significant unobservable inputs (including the Foundation's own assumptions in determining the fair value of investments)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In January 2015, the Foundation received a donation of \$50,000, which was deposited with the Mission Diocese Fund, LLC as approved by the Diocesan Finance Council. Transfers to or from Level 3 investments are deemed to have occurred once the funds have been withdrawn from one and deposited to the other. Investment income, realized gains and unrealized losses are included as a decrease of \$2,953 and refunded investment expenses are included as an increase of \$77 in the Statements of Activities, resulting in a net decrease of \$2,876 to unrestricted net assets for the year ended June 30, 2016.

NOTE D - BENEFICIAL INTEREST IN PERPETUAL TRUST

On March 30, 2011 the Diocese was named as a beneficiary in The John L. Muegerl Trust. The trust account assets are held and managed by an independent trustee. In April 2011, a trust investment account was opened at a national financial institution, and in May 2011 trust assets were transferred to the account. The beneficial interest in trust assets was recorded at fair market value as of May 31, 2011. The Diocese's beneficial interest consists of fifteen percent of the total trust assets, a third of which is held by the Foundation. Distributions and the increase in fair market value related to the trust asset are included in contributions and unrealized gain on beneficial interest in trust assets has been recorded at fair market value as of June 30, 2016 and 2015 in the Statements of Financial Position. The net increase in fair market value from May 31, 2011 to June 30, 2016 was \$9,658.

Activity for the beneficial interest in the perpetual trust for the year ended June 30, 2016 is as follows:

Beginning balance, June 30, 2015	\$ 210,814
Unrealized loss	(9,980)
Income distributable to beneficiary	8,202
Amounts appropriated for expenditure	 (8,202)
Total Beneficial Interest	\$ 200,834

NOTE - E ENDOWMENTS

The Foundation follows FASB ASC 958-205 in its accounting for endowments. FASB ASC 958-205 provides guidance on the net asset classification of donor-restricted endowment funds for a nonprofit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). FASB ASC 958-205 also requires additional disclosures about an organization's endowment funds (both donor-restricted endowment funds and board-designated endowment funds) whether or not the organization is subject to UPMIFA.

The State of Idaho enacted UPMIFA effective July 1, 2007, the provisions of which apply to endowment funds existing on or established after that date. The Foundation follows FASB ASC 958-205 for the years ended June 30, 2016 and 2015. It has been determined that the Foundation's permanently restricted net assets meet the definition of endowment funds under UPMIFA.

Donor--designated Endowments - after implementation of FASB ASC 958-205

The Foundation's endowments consist of five individual funds, which have donor-restricted spending guidelines and were established for a variety of purposes ranging from education of seminarians and helping retired priests of the Diocese, to providing scholarships for education of youth and maintenance and repair of facilities. Endowments as of June 30, 2016 and 2015 are all considered donor-restricted.

As required by generally accepted accounting principals, net assets associated with endowment funds, including funds designated by Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

NOTES TO FINANCIAL STATEMENTS (Continued)

June 30, 2016 and 2015

NOTE - E ENDOWMENTS (Continued)

Investment Policy

All endowments within the financial statements of the Foundation follow the Prudent Person Guideline. The PPG suggests an amount to be distributed which is designed to allow for a reasonable stream of distributions, while preserving the value of the endowment against inflation and a volatile market. The calculation applies an applicable distribution percentage, which has not yet been determined. Per criteria established for the Capital Campaign, endowment fund investment income will not be distributed until the funds have had five years of growth.

All endowments are invested in the Foundation's Investment Pool. The Pool is professionally managed by fifteen different investment firms with specific disciplines of investment such as large cap growth, large cap value, fixed income, etc. Further, these managers have regular oversight by an independent consultant hired by the Foundation. This consultant independently reports to the finance council of the Foundation on a quarterly basis. Each manager's performance is specifically checked for adherence to investment discipline and judged against established industry accepted benchmarks.

These funds are reported as assets and liabilities of the Foundation, as the Foundation has legal ownership of the funds, but does not have discretion over the use of the funds or the income generated by them. Changes in agency funds during the year are reflected as increases or decreases to the Foundation's assets and Agency Funds liabilities. Agency Funds liabilities totaled \$16,831,150 and \$17,835,802 for the years ended June 30, 2016 and 2015, respectively. The changes in Agency Fund liabilities are outlined as follows:
